

SOR-RL

Manual Serious Occurrence Reporting Business Process and Form

Purpose

All Serious Occurrence Reports (SORs) must be reported within the Serious Occurrence Reporting and Residential Licensing (SOR-RL) system, including outside of business hours. The manual SOR is to be used by service providers to submit an SOR to the ministry when the SOR-RL online tool is temporarily offline, unavailable or inoperative.

A manual SOR must be submitted within the reporting timeframes as defined in the <u>Ministry of Children, Community and Social Services Serious Occurrence Guidelines</u> (MCCSS SOR Guidelines). The manual SOR can be used to report a new serious occurrence or to update an existing SOR.

Service providers must make reasonable efforts to inform their ministry contact when they become aware that the SOR-RL online tool is temporarily offline, unavailable or inoperative for use.

For any accessibility requirements relating to this document, please contact your ministry representative.

Business Process for Service Providers

1. Determine whether to report a manual SOR, based on the following conditions:

- a. If SOR-RL is unavailable or inaccessible and an SO occurs during business hours, service providers must complete and submit a manual SOR and send it to their ministry designate. Youth Justice (YJ) service providers must also notify their ministry contact for all Level 1 SORs.
- b. If SOR-RL is unavailable or inaccessible and an SO occurs outside of business hours but is not highly contentious, service providers must complete and submit a manual SOR and send it to their ministry designate. Youth Justice service providers must also notify their ministry contact for all Level 1 SORs.
- c. If SOR-RL is unavailable or inaccessible and an SO occurs outside of business hours

and is highly contentious, service providers must complete and submit a manual SOR and send it to their ministry designate. Non-Youth Justice service providers must ALSO contact the emergency after hours line, at 905-454-5000 ext. 5314 or 5315. Youth Justice service providers must ALSO notify their ministry contact.

d. If the system is only temporarily unavailable or inaccessible and it is anticipated that access will be restored within the reporting timelines, service providers can wait to regain access to report the SOR in SOR-RL. Youth Justice service providers must notify their ministry contact for all Level 1 SORs.

2. Complete a manual SOR form

If you have determined that a manual SOR is required, complete the manual SOR form below.

For SOs involving individuals who were in receipt of both Youth Justice and non-Youth Justice services at the time of the SO, complete two manual SOR forms. On one, enter the Youth Justice service information and on the other, enter only the non-Youth Justice service information.

3. Send the manual SOR to the appropriate ministry designate:

- East Region: <u>ERSOR-RL@ontario.ca</u>
- Toronto Region: <u>AskTorontoRegionSORRL@ontario.ca</u>
- West Region: <u>WestRegionSO@ontario.ca</u>
- Central Region: <u>AskCentralRegionSORRL@ontario.ca</u>
- North Region: <u>AskNorthRegionSORRL@ontario.ca</u>
- Indigenous Healing and wellness Strategy: IHWS.SOR@ontario.ca AND cc your program supervisor
- For SORs from a Youth Justice Directly Operated facility or Probation Office: YJIMU@ontario.ca
- For SORs from a Youth Justice-funded program: regional office above, AND cc <u>YJIMU@ontario.ca</u>

In the subject line, include details such as "Manual SOR" and the "Service Provider name". For incidents involving a program funded by Youth Justice, include the term "YJ" or "Youth Justice" in the subject line. Do not include any personal information, including names, in the file name or subject line.

4. Submit an update

Until MCCSS deems that no further action is required from the service provider with

respect to the SO, service providers are required to provide updates as new information becomes available about the SO and at a minimum every 7 business days. If SOR-RL is offline, unavailable or inoperative at the time at which an update must be reported, send an updated manual SOR to the ministry designate.

It is important to mark the checkbox indicating that the report is an update in the form, and, if the initial SOR was submitted through SOR-RL, to include the SOR-RL SO Identification (SORID) number if it is known.

5. Submit the SOR on SOR-RL

Once access to the system is re-established, the SOR must be submitted onto SOR-RL by the service provider, and the Manual SOR and any Manual SOR updates should be uploaded as attachments to the SOR. All manual SORs must be submitted onto SOR-RL, even if the incident has been resolved.

Personal Information Disclaimer

Full names or initials of individuals involved in the occurrence, including residents, clients, staff persons, guardians, or other individuals who would be identifiable through the inclusion of their personal information, should not be included in the Manual SOR Report or the file name. SOR-RL has built-in privacy and security safeguards that the Manual SOR does not. Service providers are required to take reasonable steps to safeguard the sensitive information contained in SORs, including when securely transferring and/or sharing SOR data.
